WWW.TEJASDESTRUCTORS.COM

Founded by Kelsey Stone and Alex Boogren in 2021, Tejas Destroyers is a multi-disciplinary abatement and demolition company, located in Leander, TX. We specialize in asbestos abatement, mold remediation, lead-based paint stabilization and removal, and demolition services. We serve a multitude of clients in Texas, including state and federally owned facilities, universities and colleges, independent school districts, as well as privately-owned commercial and residential developments. We are proud to be one of the few Certified Woman-Owned and HUB contractors in the Lone Star State.

CORE COMPETENCIES

- ✓ Asbestos Abatement
- ✓ Mold Remediation
- ✓ Lead-Based Paint Stabilization + Removal
- ✓ Complete/Structural Demolition
- ✓ Interior Demolition

DIFFERENTIATORS

- Safety is our culture, not our checklist
- We invest and reinvest in the growth and development of our team
- Our current manpower is: (7) crews consisting of (2) licensed abatement crews; (3) interior + exterior demo crews; and (2) complete demo crews
- We find immense value in the pre-planning stages of our projects in terms of schedule and a keen critical path
- Our multi-disciplinary approach yields excellence, innovative, + timely results
- Our equipment and tools are new, quality + routinely maintained for production and efficiency
